## ABOUT THE FINISHES

Over the years, MAB always provided flawless hand-selected wood veneers, glasses, lacquers, metals, and stones. These are the natural finishes we use daily in the Home Luxury Product Conception.

The perfect finishing can only be achieved through the combination of the best products and the adequate skill technique.

In a constant search for perfection and client satisfaction, we are continually looking for new finishes and processes to improve our services and partnerships. We currently offer more than 60 finishing possibilities.

As natural materials, the exposed samples are only indicative visual references because they do not represent the entire piece, and may contain tonal and figurative derivations.

They also may have attributes inherent to their species that enhance the beauty of each piece of furniture and make it unique.

Ao longo dos anos, a MAB sempre dispôs de uma seleção de folhas de madeira, vidros, lacados, metais e pedras cuidadosamente selecionados. São acabamentos naturais que usamos diariamente na Concepção de Produtos de Luxo.

O acabamento perfeito só pode ser alcançado através da combinação dos melhores produtos e da habilidade técnica adequada.

Na busca constante pela perfeição e satisfação do cliente, procuramos continuamente novos acabamentos e processos para otimizar os nossos serviços e parcerias. Atualmente oferecemos mais de 60 possibilidades de acabamentos.

Como materiais naturais, as amostras expostas são apenas referências visuais indicativas, pois não representam a peça inteira, podendo conter derivações tonais e figurativas.

Podem também ter características específicas inerentes à sua espécie que realçam a beleza de cada peça e a tornam de facto única.

A lo largo de los años, MAB siempre proporcionó una selección impecable de chapas de madera, vidrios, lacas, metales y piedras cuidadosamente seleccionadas. Estos son los acabados naturales que utilizamos a diario en el diseño y concepción de nuestros productos de lujo.

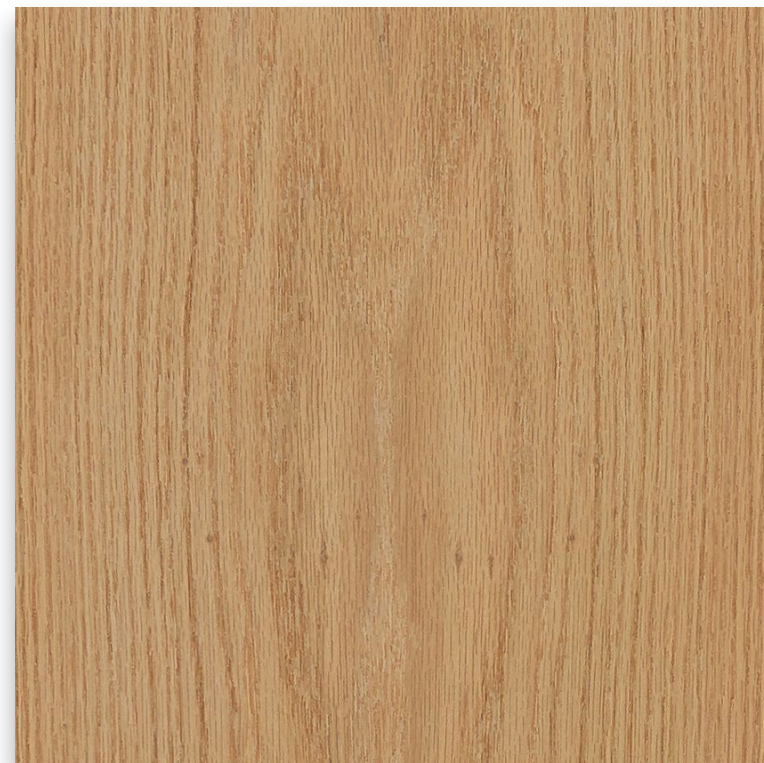

El acabado perfecto solo se puede lograr mediante la combinación de los mejores productos y la técnica adecuada.

En una búsqueda constante de la perfección y la satisfacción del cliente, buscamos continuamente nuevos acabados y procesos para mejorar nuestros servicios y colaboraciones. Actualmente ofrecemos más de 60 posibilidades de acabado.

Como materiales naturales, las muestras expuestas son solo referencias visuales indicativas porque no representan la pieza completa, pudiendo contener derivaciones tonales y figurativas.

También pueden tener atributos inherentes a su especie que realzan la belleza de cada mueble y lo hacen único.
